

## Match Director Bulletins

1. Targets
  - a. All targets have been tested and all targets being used have met ISSF standards for accuracy and functionality.
  - b. All targets will be checked for shots before each relay by an RTS member.
2. Equipment Control (EC)
  - a. EC is available for athletes wishing to check equipment, but it is not required for this competition.
  - b. Attached tire weights will be allowed for this competition.
  - c. The same gun and clothing must be used for the entire day's match. It can be changed for the next day.
  - d. Post EC checks will be conducted on a random basis.
  - e. All Finalists will have EC checks done prior to introduction for the final.
3. Squadding for the first day will be random. Squadding for the second day will be done by a "seeding" method based on Day 1 scores.
4. Finalists will be introduced during walk-in, otherwise the Final will proceed exactly as in the ISSF/USAS Rulebook.
5. Rule violations
  - a. Rule violations during competition firing will be brought to the attention of the athlete by the appropriate range officer as a "warning" any subsequent violations will be called by the appropriate range officer and the athlete must follow the instructions of the Chief Range Officer to properly correct the violation.
  - b. A full Jury for each discipline, RTS, Equipment Control and Appeal is listed for these competitions. Should an athlete not agree with the result of the process, an official protest may be lodged with appropriate paperwork and timing.
6. Coaching
  - a. All Coaches must have a colored wristband to interact with Athletes or Range Officials on the Field of Play.
7. Clothing
  - a. Jeans and camouflage clothing on the firing line or in the general range areas are allowed.
